EDUCATION

Degree	Specialization	Institute	Year	CGPA
B.Tech	*Information Technology*	CBIT Gandipet	2024-Present	9.01
Diploma	*Computer Science and Engineering*	SMSK	2024	9.95
SSC	-	Narayana High School	2021	10.0

PROJECTS

- **Canteen Crafter** *[Individual Project]*   Dec 2023
  - Developed an attractive and user-friendly college canteen website using HTML, CSS, and Bootstrap.
  - Designed an intuitive interface to showcase menu items, offers, and pricing in an organized manner.
  - Implemented responsive design principles to ensure accessibility across various devices.
  - Focused on enhancing visual appeal through modern UI/UX design elements.

- **Hackathon Management System** *[Team Project]*   Nov 2024
  - Developed a full-stack web application for managing hackathons using HTML, CSS, JavaScript, and Firebase (real-time database).
  - Enabled user registration and login with Firebase authentication for secure access.
  - Implemented real-time updates and notifications about ongoing and upcoming hackathons.
  - Designed a dashboard for participants to track event schedules, results, and announcements.
  - Ensured seamless data synchronization using Firebase to provide up-to-date event information.

- **PG Life** *[Individual Project]*   Nov 2024
  - Developed a web platform to list available rooms in selected cities using HTML, CSS, JavaScript, MySQL, and PHP.
  - Implemented a robust backend using PHP and MySQL to store and manage room listings.
  - Devised a multi-criteria search filtering system that elevated the accommodation selection process for users, leading to a notable increase in positive feedback from 90 percent of surveyed customers within the first quarter.
  - Developed a user-friendly interface with an interactive map to display property locations.
  - Integrated contact features to connect users with property owners for inquiries and bookings.

EXTRA-CURRICULAR ACHIEVEMENTS/ACTIVITIES

- Secured **runner-up** position in Abacus 2025, a technical quiz conducted by Badruka College, Kachiguda.

TECHNICAL SKILLS

- **Languages:** Python, C, C++, Java, MySQL
- **Frontend:** HTML, CSS, JS, React.js
- **Backend:** PHP, Node.js
- **Tools:** Firebase, git, GitHub
